

WITNESS PAPER #2 GUIDELINES:

After spending many hours doing service for others and learning many things about your Faith in the classroom, at Mass, and on retreat, it is time for you to reflect on how these experiences have enriched your appreciation of the gift of Faith given to you God.

In your first paper, you reflected on how your faith has grown through your years of childhood approaching and entering your teen years. In this paper, continue that reflection, but think more directly about specific experiences in the last couple of years that have helped you define your faith more clearly in your own mind. Identify adults who have offered you encouragement in the development of your faith and what difference that has made to you in living out your faith more fully.

Specific people you may wish to identify: Parents, Sponsor, Catechists, Priests, Neighbors, Teachers, Friends, your Patron Saint or the lives of other Saints or Holy People.

Specific experiences you may wish to include: Service hour projects; Prayer or Liturgy experiences; classroom experiences; retreat experiences.

This should be a paper that is several pages long. If you should need help, please feel free to discuss this with Lisa Mersereau, Kathy McGourty, one of the priests, or one of the catechists.

Please be sure your spelling, punctuation, and other grammatical conventions are done properly.

Witness Paper #2 Due: During Your Freshman Year In High School
